

MURDERED BY A BRUTE

Missoula The Scene of Another Shocking Affair.

EVA ROY WAS THE VICTIM

Roxie Choquette, Who Had Lived Off Her Earnings for Years, Accused of the Awful Crime.

Special Dispatch to the Standard.

MISSOULA, June 30.—Roxie Choquette, who is the most notorious of the local scoundrels who live on the earnings of fallen women, is charged with the murder of his consort, Eva Roy, who died this evening from the effects of a cruel beating at the hands of Choquette.

About 7 o'clock this evening two women of Lower West Front street called a hack driver to come down to take one of their associates out. This was followed immediately by a call from Dr. Hanson, who said he wanted a woman taken to the hospital.

The hack driver, Mike Farrell, responded at once and found the woman lying on the floor, her eyes rolling, and she was apparently dying. She was taken to St. Patrick's hospital, where she lived but a short time. An inquest will be held and meantime Choquette was locked in jail.

Roxie Choquette has been living with Eva Roy several years. Some time ago he was arrested charged with living off her earnings and in order to avoid conviction he went to Judge Donley and was married to the woman. Since then he has been arrested numerous times for beating the woman, but each time she withdrew the complaint and the man has gone free. He went too far this time and the chances are he will not be free for some time.

Butte Mining Shares.

(Reported by W. H. Nichols & Brother.)
 BUTTE, June 30.—With the progress in congress toward the probable final settlement of the tariff schedules, many eastern manufacturers are getting ready to resume their business; the action of New York bankers in restoring their treasury deposits to nearly the point of last year; the withdrawal of practically all gold shipments to Europe, the outlook for all business has been more hopeful. The strongest feature has been the fact that the general situation has remained steady in face of the great Pullman strike, which threatens to arrest all western traffic. In staple metals very little business has been transacted, not so much from lack of sellers, as principally on account of disposition of manufacturers, who are unwilling to buy more than necessary stock, as their business has been so small as to make it unwise for anything but conservative. Lake copper being held for 9 1/2¢. (a nominal figure, because no transactions are noted at that price). Demand for electrolytic continues fair, the result of renewed demand for wire for electric purposes, quoted at 8 1/2¢ to 8 3/4¢. Casting, 8 1/2¢ to 8 3/4¢. Arizona pig remaining unchanged, at about 8 1/2¢. The news of the connecting of the first 2,000 feet of the Bi-Metallic drain tunnel, and the reports of the rapid manner in which the work is being pushed created an unexpected stiffening in all the Flint creek shares, Bi-Metallic leading at \$1.50 to \$1.75; Elizabeth, 2 1/2¢ to 2 3/4¢; and Combination at 50¢ to 65¢. The reports of the "strike" in the Butte tunnel at Basin and the transfer of one-third interest in the Katie to Boston parties, kept up the interest in the Cataract "prospector." The stock list closed as follows:
